The Realities of Student House Hunting Around UNIPORT

Over 30,000 students displaced off-campus into unregulated street-agent traps every academic session.

₦5k – ₦10k

The "Inspection Fee" Hustle

Roadside agents demand non-refundable fees just to show a student a room. After 3–4 failed trips, a student burns **₦20k–₦35k** of pocket money before finding any shelter.

₦360k+

Hidden Move-In Price Shocks

A room advertised at ₦220,000 suddenly escalates to ₦360,000+ at payment time through inflated 20–25% agency fees, unannounced legal fees, and arbitrary caretaker levies.

Zero Trust

Bait-and-Switch & Rental Scams

Freshers arriving from outside Rivers State have zero ability to verify if a WhatsApp contact is a genuine landlord or a scammer who disappears once deposit is sent.

💬 **Common Student Reality:** *"I paid three different street agents ₦5,000 each in Choba under the heavy rain, and I still ended up in an uncompleted lodge with no water."*

Meet Aroom: Safe, Transparent Student Housing

We engineered a 4-pillar trust infrastructure that removes every trap between a student and a safe room.

1

₦0 Free Inspection

Students book accompanied physical viewings with vetted partners without paying a single kobo.

2

Team Lead Vetting

Every lodge is physically inspected: treated borehole water, prepaid meter & Gov ID checked in-person.

3

Total Cost Tool

Every fee shown upfront: Rent + Caution + Legal + capped 15% agency fee (or 0% for Direct Landlords).

4

WhatsApp AI Concierge

Students discover rooms, view video tours, and schedule viewings right inside WhatsApp 24/7.

Live Platform Status: Our MVP is live today with Unified Role Portals, Team Leader Command Center, and active WhatsApp Webhook!

The Supply Engine: Why We Are NOT an Open Marketplace

Open platforms get infested by scammers. Aroom establishes an invite-only team of vetted, credible partners.

THE 15–20 PARTNER QUOTA MODEL

15–20 Partners × 15–20 Listings = 225–300 Verified Rooms/Month

- **Manageable Individual Quota:** Each partner lists 15 properties/month (approx. 1 property every 2 days).
- **Concentrated Quality:** Covers 100% of major UNIPORT student clusters: Choba Gate, Alakahia (UPTH), Delta Park, Back of Chem, and Ozuoba.
- **Total Accountability:** If an agent demands an inspection fee, their verified badge is permanently revoked.

WHY OPEN PLATFORMS FAIL IN NIGERIA

Open Marketplaces = Guaranteed Fraud & Decay

- Open classifieds (Jiji, Facebook) have no physical verification—anyone can post stolen photos of someone else's house.
- Students lose money to fake online caretakers demanding booking deposits.
- **Aroom's Moat:** By keeping supply invite-only and physically verified by our Team Lead, we guarantee 100% genuine rooms.

From Searching to Moving In — 4 Simple Steps

Zero confusing jargon, zero app download barrier, and 100% scam-free physical verification.

1

Query on WhatsApp

Student messages Aroom in plain English or Pidgin: "*I need a self-contain near Choba Gate under 250k.*"

2

See Exact Total Cost

AI returns matching verified lodges, on-site video walkthroughs, and exact move-in package breakdown.

3

Book ₦0 Inspection

Student selects time slot (e.g. "*Tomorrow at 2pm*") to meet the accredited agent. Booking is **100% Free**.

4

Inspect & Move In

Student checks running borehole water, meter, and room condition in person before paying a single kobo for rent.

🔔 **Room-Taken Protection:** If a lodge is taken before an inspection, Aroom automatically sends an instant WhatsApp alert with matching available alternatives!
