The Reality of House Hunting Around UNIPORT

Every session, thousands of UNIPORT students must find off-campus lodges in **Choba, Alakahia, Delta Park, Ozuoba, and Aluu**—and the process is broken.

35,000+

Students Need Off-Campus Rooms

Campus hostels inside Abuja Park & Delta Park can only house a small fraction of students. Most Freshers and returning students must rent lodges outside the gate.

₦5k – ₦10k

Charged Just to "Go and Look"

Street agents around Choba Junction and Alakahia collect an "inspection fee" or "registration fee" before showing you a single room—even if the room is terrible.

Zero Trust

No Way to Verify Who Is Real

Students coming from outside Rivers State have no way to tell if a WhatsApp number belongs to a real landlord, a genuine agent, or a scammer.

💬 **Common UNIPORT Student Experience:** **"I paid three different agents ₦5,000 each in Choba under the rain, and I still didn't get a room."**

3 Painful Traps UNIPORT Students Face Every Semester

Why house hunting in Choba, Alakahia & Ozuoba drains students' pocket money before lectures even start.

1

The Inspection Fee Hustle

Unverified agents make more money collecting **₦5,000 inspection fees** from 20 desperate students than actually renting out the room. Once you pay, they show you a flooded or uncompleted lodge.

2

"Someone Just Paid Now!"

Agents post clean pictures of an Alakahia self-contain online. When you trek there under the Port Harcourt sun, they say: *"Ah, someone just paid 15 minutes ago, let me take you to another place far inside."*

3

Hidden Move-In Price Shock

A student budgets **₦220,000** for rent, only to be told at the last minute to bring **₦360,000** because of surprise Agreement, Caution, Caretaker, Water, and inflated Agency fees.

⚠️ **Result: Students miss classes, lose part of their school fees to bad agents, or end up in unsafe lodges far from campus gates.**

Meet Aroom: Safe, Honest Student Housing

We built Aroom to remove every trap between a UNIPORT student and a safe room—both on our **Mobile Web App** and directly inside **WhatsApp**.

1. VETTED PEOPLE ONLY

Team Leader Verification Gate

No random street agent can post on Aroom. Every Agent and Direct Landlord must upload their ID card and pass a phone check by our Team Leader before their account is unlocked.

2. ZERO INSPECTION FEES (~~₦0~~)

Free Physical Walkthroughs

Students never pay a kobo to inspect a house. You book a verified agent or landlord, walk through the room physically in Choba or Alakahia, and check the water and light for free.

3. UPFRONT TOTAL COST

Complete Move-In Cost Calculator

Every room shows the exact **Total Move-In Cost** upfront (Rent + Caution + Legal + Utility + Capped 15% Agent Fee, or **0% Fee** for Direct Landlords).

4. WORKS ON WHATSAPP

24/7 WhatsApp Housing Assistant

Even when a student doesn't want to browse a website, they can chat with Aroom on WhatsApp in plain English or Pidgin to see available rooms, compare total costs, and book an agent.

How We Stop Fake Agents Before They Reach Students

Instead of an open marketplace where anyone can post fake photos, Aroom uses a strict **Team Leader Approval Gate**.

1

Partner Applies

An Agent or Landlord in UNIPORT signs up with their full name, phone number, lodge areas, and uploads their Government ID Card.

2

Held in Queue

Their account is automatically locked in **Pending Review**. They cannot publish any room or appear on WhatsApp yet.

3

Team Leader Vets

From a dedicated Command Center, our Team Leader inspects their ID card, calls their phone number, and confirms their lodges.

4

Approved & Live

Once approved, they earn the **Verified Partner Badge** and students can book them for free inspections on Web & WhatsApp.

🛡️ **Accountability Rule: If any verified agent ever demands an inspection fee from a UNIPORT student, the Team Leader suspends their account in one click.**

No More Price Shock for Students & Parents

Before a student even steps out to inspect a lodge in Choba or Alakahia, Aroom shows every single fee clearly.
